

# Raniganj Girls' College

SEARSOLE RAJBARI-713358

## **Action Taken Report 2020-21**

- The college office has been fully digitized
- Certificate Courses in Santali and Income Tax Practice has been introduced
- Coaching in NET introduced for post graduate students in Urdu
- During lockdown regular classes were organized on the digital platform
- e-Study material were prepared by the teachers and the same made available on the college website. Further link to e-learning resources was provided by the Library.
- Seminars, conferences, workshops, symposium and special lectures, career counselling, awareness programme and NSS and NCC programme have been organized on the virtual platform
- In February 2021, Raniganj Girls' College entered into collaboration with the Department of Ecological Studies, International Centre for Ecological Engineering, University of Kalyani for setting up a training centre in vermin-composting. This collaborative effort is a significant step in implementing the policy of "lab to land" i.e. putting knowledge to meaningful social use by our college.
- Initiatives have been taken to make the campus environment friendly like organizing plantation programme, introducing fisheries and nurturing a plant nursery in the front garden.
- In April 2021, Kazi Nazrul University granted recognition for pursuing Ph.D. programme to the Urdu department of our college. Subsequently, three research scholars got admitted to the programme under the guidance of Dr Md. Farooque Azam.
- The college has facilitated the organization of two COVID vaccination camps

- Sanitization of the premises has been a regular activity in the midst of Covid situation.
- Masks and sanitizers were distributed to the learners on the day of commencement of in-person classes.
- An Orientation Programme for the first semester students was organized with the commencement of in-person classes to orient the learners about the norms related to maintenance of COVID protocols and other academics related issues.
